 No flag stops or deviations allowed.*

Heavenly is proud to be among the family of Vail Resorts

Heavenly is a proud partner with the Tahoe Transportation District and TecTrans who together fund and operate the BlueGo ski shuttle and community transit system. The BlueGo system utilizes clean-fuel technology transit vehicles which not only improve air quality and reduce congestion in South Lake Tahoe, but they will directly improve the water quality and clarity of Lake Tahoe.

Heavenly is pleased to be associated with a select group of corporate partners

BLUEGO HEAVENLY SKI SHUTTLE

The BlueGO Heavenly Ski Shuttle service is comprised of seven routes (red, green, gold and orange for California and blue, purple, and violet for Nevada). The shuttles pick up at each of the shuttle stops according to the shuttle timetables listed for each route color.

The time tables are in service from 8:00 a.m. - 2:00 p.m. After 2:00 p.m. the shuttles make continuous loops from the Gondola and California / Nevada base lodges to expedite guest return to their lodging properties until approximately 6:00 p.m.

Please allow extra time when riding shuttles during holidays and Saturdays, as the shuttles are in peak demand during these high-use periods. Shuttles also need extra time during inclement weather, as visibility and slippery road conditions require extra caution and slower speeds.

Look for the white BlueGO Heavenly Ski Shuttle stop signs to board the shuttles.

GONDOLA SHUTTLE OPERATION

In the event the gondola is not operating (due to mechanical or weather issues), the red routes will go to the California Lodge.

At the end of the day, be sure to board a shuttle with the correct colored sign. Shuttles display colored signs near their entry doors or displayed overhead on the designation sign.

If you have any questions about BlueGO Heavenly Ski Shuttles, please call:
